

2011/12 DRILLING INDUSTRY REGISTER

The 2011/12 Drilling Industry Register is now being compiled. The Register and the ADIA website contain the primary industry directories for organisations and individuals seeking drilling contractors, manufacturers, suppliers and related businesses.

It's only printed ONCE A YEAR and is part of the November/December edition of *Australasian Drilling*.

The listing is **FREE** to ADIA members; and provides an opportunity to list your business name, contact details and products/services. You can also choose to have your details included on the ADIA website.

Please contact us ASAP, whether you have changes for your listing or not. If we don't hear from you, your company will miss out on this important opportunity!

Contact names and other important details often change so we will only print what you tell us to! Therefore, if the details printed last year were correct, simply tick the box below – 'same as 2010/11' - and fax page 1 back to us.

Otherwise, please complete pages 1, 2 & 3 in full and email or fax the three pages to us via editor@adia.com.au or (03) 9770 4030 ASAP.

1 Company name:

Street address

Town/Suburb: Post code:

Phone: Fax:

Email: Website:

Contact person: Mobile:

Email (for ADIA contact only):
