PROSPECTUS

M I S S I O N

▶ **DRILL** 26

C R I T I C A L

Welcome

The event Platinum, Bronze, Silver and Gold sponsors will have a large open floor area in prominent locations aligned with their level of investment to customise their layout and maximise their brand presence.

At DRILL26, standard and double booth exhibitors will benefit from custom printed panels included in the cost of their booth—no need to lug pull-up banners!

The Australian Drilling Industry Association is delighted to welcome you back to Adelaide in South Australia from 22-24 September for DRILL26. The conference and exhibition will be held at the Adelaide Convention Centre with the theme “Mission Critical”.

DRILL26: Mission Critical will spotlight the innovations, technologies and operational systems that are essential to keeping our industry productive, safe and profitable. The pace of change has never been faster, and this event is designed to equip your team – and your business – for the critical challenges ahead.

Adelaide has long been a member favourite for DRILL events, offering an accessible, central location for drilling professionals travelling from across Australia. Its convenience, atmosphere and excellent facilities – all within easy walking distance – make it an ideal host city for 2026.

We look forward to welcoming drilling company executives, operations managers, drillers and offsidiers, as well as representatives from major mining and exploration companies worldwide.

Our 2026 exhibition will be held across Halls H and J, with a combined total area of 4,130 m², providing premium space for state-of-the-art exhibits and equipment displays. A dedicated enclosed plenary area in Hall K (650 m²) will host the *Mission Critical* presentation program, allowing delegates to move seamlessly between conference sessions and the exhibition floor.

DRILL26’s Platinum sponsor will feature in a prime entrance position with a large open-floor footprint to maximise brand presence. Gold, Silver and Bronze sponsors will also enjoy prominent locations aligned with their level of investment.

This year, we want to make exhibiting as seamless as possible. Custom printed booth panels are included for all exhibitors selecting a standard booth (3 × 2) or double booth (6 × 2), so there’s no need to lug your own pull-up banners to the event. Exhibitors taking up large equipment spaces will also have the opportunity to work directly with our event team and exhibition provider to create tailored, high-impact displays.

The DRILL26 social program will once again be a highlight, featuring a welcome cocktail event within the exhibition, the main conference dinner, and a special off-site finale event at Adelaide Oval to close the three-day program. A curated partners’ program will also encourage delegates to bring their partners along to enjoy Adelaide.

In addition to our core sponsorship packages, DRILL26 introduces an expanded range of targeted sponsorship opportunities, giving companies who may not wish to exhibit the chance to participate in meaningful, high-impact ways. From branded conference features to premium event activations, these options provide strong visibility, valuable delegate engagement and a powerful presence throughout the three-day program.

ADIA and our event management team look forward to your involvement in what will be the drilling industry’s major calendar event for 2026 – DRILL26: *Mission Critical*.
